

# PARADISAIC

# PARADISAIC

Yellow Goat has found inspiration in the simple beauty of the Balinese Islands, their beaches and nature. Our newest metal wicker lighting collection nestles the swift breeze, lush landscapes, and warm tones of these islands into urban settings. Inspired by the lifestyle, each lighting piece is a bit of paradise in a hospitality, resort, workplace or home setting. Although these lighting designs emulate the natural beauty of wicker, each piece is actually built from powder coated wrapped metal to increase durability, longevity and customization options. Embrace the perfection of a sunny beach, warm sand between your toes, temple bells or crisp turquoise water that is captured in each design.

# KUTA

Sophistication in simple shapes, natural colors, and materials make this design an easy pick. The beauty of a wicker look is achieved through a more sustainable powder coated metal wicker in our Kuta and Kuta Jr pendants. This piece is made from powder coated metal wrapped around a frame for a highly customizable look that compliments any space in a cool, calm, relaxed manner.

Materials: Powder Coated Metal, Steel

Dimensions (Kuta): Ø500mm x 1070mm / Ø1' - 8" x 3' - 6" H

Dimensions (Kuta Jr): Ø500mm x 620mm / Ø1' - 8" x 2' H

# KARMA

Our Karma pendant brings that smell of the ocean, the sound of the waves, the whisper of the wind, and a distant ukulele somewhere on a sunny beach with soft, white sand between your toes. Only good things can happen with this undulating powder coated metal wicker at the centerpiece of your design. Meant to emulate a wicker look, the wrapped metal provides the additional boon of longevity and high customization.

Materials: Powder Coated Metal

Dimensions: Ø2000mm x 1000mm H / Ø6' - 6" x 3' - 4" H

# NUSA DUA

Nusa Dua wraps onto itself but not completely. A pop of customizable color and shape, suggest sarongs swaying in the breeze. The real world momentarily fades away in the presence of this carefree aura and in the distance, a laidback tune calls for listeners. Will you join us at the party? This pendant design is made for durability and customization. Using powder coated metal wicker we create an organic wicker look with an eye on longevity and ease of customization.

Materials: Powder Coated Metal

Dimensions: Ø860mm x 790mm H / Ø2'-10" x 2'- 7" H

# GILI

Gili is a ball of abstract energy encapsulating the invisible movement of the wind and waves and invoking the blessings of the hidden gods of the islands. Created with powder coated metal wicker around an interior frame, it is lit with LED Bi-Pins at the end of black powdercoated metal tubes suspended vertically.

Materials: Powder Coated Metal

Dimensions: 960mm x 1220mm x 920mm H / 3'-2" x 4' x 3'- 4" H

# PENIDA

Our Penida is like the shape of a shell found on a beach or a keepsake on our desk taking us back to that perfect moment of warm water and soft breeze. A group of three raw edge “shell” shapes are created from powder coated metal wicker and are fixed together to form a unique wicker look pendant that is highly durable and customizable for shape and color. Elegantly fusing, they enclose a group of frosted lit glass pearls.

Materials: Power Coated Metal

Dimensions: Ø800 x 920mm H / Ø2'- 8" x 3' H
